

The Luxury of Clean

Arborite High Pressure Laminate's non-porous and easy to care surface requires no sealing or refinishing – a convenient material solution for interior spaces where cleanability is an important aspect of user protection.

Clean & Disinfect

Clean with Confidence

Cleaning removes germs and dirt from surfaces to help reduce the risk of spreading infection. HPL is stain and moisture resistant, making it easy to remove the impurities that build up during every day use.

Disinfect without Damage

Chemical disinfectants (for instance, EPA-registered disinfectants) kill germs on the surface, lowering the risk of spreading infection. Increasingly residential and commercial customers are demanding surfaces, like HPL, that stand up to commercial disinfectants and sanitizers.

Impenetrable Integrity

Arborite HPL will withstand most types of cleaners and disinfectants without compromising the integrity of the surface design. Refer to our Care & Maintenance Instructions as well as Cleaners & Disinfectants document in the resources section.
